EDUCATION

Wesleyan University, Middletown, CT May 2028
Bachelor of Arts, Majors: English and Mathematics, Full-Scholarship

Phillips Exeter Academy, Exeter, NH June 2024
High School Diploma, High Academic Honors, Full-Scholarship

PROFESSIONAL EXPERIENCE

Research Assistant, **Wesleyan University**, Middletown, CT December 2025 - Present

- Manage and contribute to tagged digital corpus of multilingual Buddhist texts under Prof. Andrew Quintman for the study of historical figure Milarepa.
- Engineer interpretable data pipelines in **Python** from English translations of *The Life of Milarepa*, focusing on visual representations of character networks, direct dialogue, and geographic references.
- Design an interactive dashboard to read translated teachings of Milarepa with annotated text options including named entity descriptions, original Tibetan, and **geospatial** data.

Venture Scout, **Flusso Capital**, Remote June 2025 – September 2025

- Conducted diligence and sourced meetings with founders to assess character, business model, and market fit with a focus on agentic systems and data management applications.
- Assisted partners in value assessment and regularly updated deal flow with potential investments, product updates, and meeting notes.

Statistics Course Assistant, **Wesleyan University**, Middletown, CT December 2024 - May 2025

- Evaluated and graded weekly homework assignments, providing constructive feedback for two sections (**50+** students) of “Introductory Statistics”.
- Led weekly review sessions, breaking down course topics, assisting students, addressing questions, and identifying areas of difficulty for the professor.

Content Intern, **Academy of American Poets**, New York, NY June 2023 – August 2023

- Published **400+** pieces of writing on poets.org, copyediting from archival sources or author copies then working extensively with back-end development and formatting in **HTML5** for deployment.
- Collaborated with the content team on large-scale projects; identifying and correcting mistakes on website; completing poet profiles with biographies and pieces; and improving poet reading recordings.
- Assisted editors in **metadata tagging** published pieces: adding semantic categories such as theme, genre, and form; developing similarity metrics between poems; and verifying publication and rights information.

EXTRACURRICULAR ACTIVITIES

Managing Editor, **Adlit Magazine**, Middletown, CT November 2024 - Present

- Manage production process of **50+** page issues, overseeing team of **8** staff editors, teaching design with Adobe InDesign, and coordinating all printing operations.
- Developed and deployed **React**-based (**HTML/CSS**) archive platform indexing **60+** years of content structured for searchability across year, author, theme, and title.
- Built **OCR** pipeline for PDF ingestion to website that extracts text while parsing design elements that need to be preserved like indentation, verse structure, and line breaking.
